

DOMENICO VOLGARE

FUZION FOOD

Chef patron Domenico Volgare has a very special philosophy for his restaurant, Fuzion, summed up just in two words: **melting food**.

Each creation of the Chef arises out of the encounter between **Mediterranean** and **Asian cuisines**, two different worlds that harmoniously coexist in his remarkable dishes.

Domenico is a true **alchemist of taste** and in his gastronomic laboratory he **tests, interprets, and creates his specialties** without ever completely abandoning **tradition** but **contaminating it with extraordinary suggestions**.

You can find Fuzion Food in the following guides:

- **PIZZERIE D'ITALIA GAMBERO ROSSO**
(Italian Pizza Restaurant List)
- **GUIDA SUSHI GAMBERO ROSSO**
(Italian Sushi Restaurant List)
